As all dealings with Jewish Settlements are conducted from Nathanya, no records exist in this Office.

Full details of all such settlements are most probably available at your Headquarters in Nablos and could be supplied by them.

If you prefer a direct contact, a request to the Asst. Dist. Commissioner, Nathanya, seems the solution.

Dear Filson,

----- I enclose a list of Jewish Settlements in my
area together with an explanatory note thereon.

(Sgd.) W. J. A. LIVINGSTONE

Yours sincerely.

Capt. Filson,

15 Area.

Note.

The several labour Settlements affiliated to the Histadruth, whether communal or cooperative, politically belong either to the Palestine Labour Party(Mapai) (at present dominating party in the Histadruth) which has its right and left wing or to the Hashomer Hatzair which represents the left wing of the Histadruth(at present a very strong opposition in the Histadruth and publishing their own newspaper "Mishmar"). In addition certain groups of workers affiliated with the Histadruth are of the General Zionists or of the orthodox religious type

Communal Settlements are of three types :-

- (a) Kibutz Hama'achad - normally left wing Mapai(Palestine Labour Party).
- (b) Kibutz Haartzy - "Hashomer Hatzair" - not members of Mapai and forming left wing and the opposition in the Histadruth.
- (c) "Be'ver Hakevutzot" - Association of smaller communal settlements-right wing Mapai (Mishmar Hasharon).

Cooperative Settlements are normally right wing Mapai.

The German settlements generally belong to the Aliyah Hadasha (New immigration) party which is on the whole General Zionist& friendly disposed towards the Histadruth.

Yemenite Settlements have no special political colour but in recent years have been strongly influenced by the Histadruth. On the whole the population in these settlements is conservative and religious.

Private Settlements are normally affiliated to the Jewish Farmers Federation. The population is General Zionists, workers - Histadruth.

District Commissioner,

Development of New Jewish Settlement.

I have to report that it is intended to start work on a new Jewish settlement called at present Beni Binyamin. It is situated south and south west of Kfar Yodanis which settlement it adjoins.

2. It is intended eventually to set to some 40 families on 500 dunams of Jewish National Fund land. But the settlers are only going to erect 15 houses this year.

3. A plan will be submitted in due course.

4. Mr. Owen A.S.P., J.A.D. has inspected the area.

5. The Rural and Suburban Settlement Co. also intend to open a settlement in block 8211 and 8212 of 600 dunams which will be called Beit Itzhak. 60 - 65 buildings will be erected. The Co. has applied for protection. Mr. Owen has visited the area which is a long thin strip of land running North and South, adjoining Beni Binyamin on the North and the main Kh. Beit Lida - Nathanya road on the South at approximately Mile 109.

6. When both these Settlements have been erected and occupied there will thus be an almost continuous line of Settlement from the Kh. Beit Lida - Nathanya Road to Maabaroth.

7. Apart from the fact that, in the case of further inter racial trouble in the district the actual area to be defended would be thus increased, the actual contact which these set levies would give each other, and their position, as a screen to Bethany and Afula Hill will be such as to be a security consideration in this area.

8. I suggest therefore that any security considerations should permit the occupation of this area.

9. Information sources have not been permitted to see the final Comm. line. Presumably this point should be discussed with Mr. Allen during his visit next week.

10. I am enclosing the report of the survey of the area now set levies on the Arab Baluch and will let you have a further report shortly.

INSPECTOR GENERAL,

Subject:- New Jewish Settlement

I attach herewith copy of letter No. 3.4 of 12/5 received from the Assistant District Commissioner, Tulkarem in respect of an Agricultural settlement near Kfar Haroen.

I inspected the site on Saturday the 13th inst. and am of opinion that this will involve no new commitments in regard to defence.

The school buildings are being constructed on a hill near the water tower of the settlement and practically all cases of sniping on the Settlement have come from this hill.

Providing three defence posts are constructed in the vicinity at points I have indicated and a projector installed the defences can be manned by personnel of Kfar Haroen with possibly some Special Constables from the Ghetto, the constructions of these posts in addition to providing protection for the school will protect the south and vulnerable side of Kfar Haroen.

Buildings are not expected to be completed before the middle of August.

Students will be all young male refugees from Greater Germany.

~~Subject:~~ Jewish Settlement
to the south of Kfar Yona.

1. Application in respect of a permission
of a Y. settlement to the
south of Kfar Yona was submitted on 12.1.38 by the
Palestine Working Committee.

2. In his letter No. 100-6 of 7.2.38
the Assistant District Commissioner stated
that he is not prepared to object to the said
permission scheme. Accordingly building operations
were begun and twenty houses out of the proposed
sixty are nearly complete.

3. The land allotted to the new settlement
is owned by the Jewish National
Fund.

4. The settlers will be Yemmites and are
nothing to do with Kfar Yona.

5. I and the District Officer have warned the
local representatives that they must apply for
permission to occupy the settlement. But perhaps it
would be more effective if the Jewish National Fund
were approached in Jerusalem.

The following is an extract from the
minutes of the District Council
held on 20th March, 1939:-

The I.O. had reported that
"buildings for a new Jewish settlement
"were being erected not far from Khirbet
"Beit Lid. It was not clear from the re-
"port whether the buildings constituted an
"extension of the existing settlement of
"Kfar Yona or a separate settlement on the
"Kfar Yona lands. It was decided to as-
"certain the full facts at once."

2. I should be glad if you would
let me have an early report on the matter.

District Officer,
Nathanya.

We, the settlements and inhabitants of the Northern Plain of Sharon beg to submit the following petition for your kind consideration.

Hundreds of our members of Austrian and German origin applied to the Department of Migration for permits to bring over their parents and relatives from the Nazi reign of terror. All the applicants received a negative reply and most of them were not even given the possibility to submit an application as no forms could be obtained.

Letters received by our members describe the hopeless and the hated position of the parents. In many cases, fathers and brothers were imprisoned and sent to concentration camps, in other cases, the fathers were deported to Poland while the mothers were left behind alone without any support and ignorant of the fate that has befallen their husbands. Many parents were ordered to evacuate their houses within 24 hours. In addition to all this and as a consequence of a policy of confiscation and robbery, the parents were left homeless and naked and without any means of subsistence whatsoever.

These people are raising their eyes to Palestine where their sons and daughters have already founded their home and which gave the possibility of existence and freedom to the Jews.

Their sons and daughters are their only hope and salvation in the sea of hatred and humiliation, persecution and menaces. They are asking Government to open the doors of this country for their relatives and the

grant/

of permits to enter Palestine for their dependants.

3. Surely Government will not negative the right of the children to save their parents which right is a natural and a basic one in every community. We request that the Department of Migration be opened for the purpose of accepting applications to bring over our relatives.

We trust that the District Officer will assist us in this matter.

I forward herewith for your kind
consideration and appropriate action a self-
explanatory translation of an application
submitted to me by the Settlements of the
Northern Plain of Samson.

2. A delegation representing all the
said settlements waited upon me in Ramat Hachovav
on Saturday, 31.12.1938. Several delegates have
described the plight in which German and Austrian
Jews find themselves at present.

3. The sufferings of the young settlers
on account of their relatives in Germany cannot
be described. Their despair is immense and their
mental agony is heartbreaking; their hope is
the only relief they still have.

4. The settlers request that 150 to 200
near relatives be permitted to be brought over

in question are all very young and at least one
thousand new settlers could be absorbed and
settled on the land already in their possession.

5. There is a further area of 1620 dunoms
which adjoins the said settlements and which
although owned by Jews is still uncultivated.

I have in the past few days received 2 deputations, one from a group of representatives of the mass of the settlement, the other of representatives of the 1st class group.

Both these deputations also on the part of the Jews in a growing country, and that in the settlements which they represent. When I asked them how they felt about the situation of the Jews in the country, they said that they were very much interested in the situation of the Jews in the country, and that they were very much interested in the situation of the Jews in the country. They asked that 200 children & 200 relatives of the present settlement be allowed to enter. לכבוד
המושל המחוז,
החוז הימני והמערבי
ה' פזן מלך בית-לח-נוה.
א.נ.ס.

הננו רוצים להביא לפני כב' את התלונה הבאה:

באותו יום, שבו הולקו מופסי בקשות להעלאה קרובים בחל-אביב, לא היה ביכולתנו להגיע לחל-אביב מפאת רחוק מקומנו מהעיר, ומאחר שלא ירענו למסרע על הסירורים העומדים להעשה ע"י הממשלה בקשר עם זה, לא יכלנו להפסיק את עבודתנו לפתע ולהגיע העירה בזמן בכדי להמשיך להשיג את המססים הללו.

מנינו לאחר זה פעמים אחדות ככתב אבל בקשותינו הוחזרו לנו ללא מענה.

אנו, אברי גוש הל-סונד, המעבדים בעצמנו את התלוחותינו ואשר איננו מעסיקים עובדים שכירים, צריכים לזייס ימים עובדות מחוץ משתוחינו עד בפת שזה אפשרי. בעקב סבה זו ולרגלי ההתפתחות המהירה של מסקינו אנו עומדים בפני הצורך הרחוק להגדיל את מספר הימים העובדות. מסקינו נוסרו מלכתחילה בחנחה, שאנו נזכר ליהנות בעתיד מעבודתם הנוספת של קרובינו בחוץ-לארץ, אשר יכולו ביום סן הימים לעזרתנו.

עמך, לאור ההתפתחות האחרונה של העניינים באירופה הגרמנית ובהתחשב עם העובדה שאנו, בנינו וקרוביכם של היהודים הנרדפים שם, צריכים להסוך בהם חסיכה כמסית אשר איננה כלל לפי כוחותינו, עלינו להצחיר ולקבוע, כי גם כשבילם וגם כשבילנו הכרחי הרבר שיורשה להם לעזוב את הארצות בהם הם נרדפים ולכוא תנה לעזרתנו.

רבים מאתנו, בני הנרדפים בחוץ-לארץ ואמיתם, אינם יכולים להמשיך בעבודתם כמנחה, כירעם שחיי חזרתם הלויים להם מנוד יוס-יום.

אנו במנחים שמכירו את היקף הבעיה העומדת לפנינו בכל הריפוחה ודחיפותה, בחיותנו נאלצים לשלוח כסף לחוץ-לארץ לשם חסיכה בקרובים, חורים ואחים מחוץ עבודה ומחיה, כז בזמן שמסקינו מוזנחים ואנו מובלים מחוץ כוחות עבודה, המביא לירי התנוונותן של התלוחותינו.

הננו מקוים, לכן, שנקשתנו תמצא אוזן קשבה אצלכם וסקרובינו יורשו לכוא לארצנו.

Tel Kassar.

Dear Sir,

May we bring to your kind notice the following complaint:
On the day when application forms for Immigration Certificates were issued in Tel Aviv we were unable to come into town for the purpose of procuring these forms for our own needs, because of the distance we live at from town. Being unadvised of this procedure, we were unable to leave our work without any notice, and proceed to town early enough to stand a chance of obtaining the application forms.

We then applied several times in writing, but our applications were returned to us unanswered.

We villagers of the Tel Mond area doing our own cultivation, and employing no hired help, have to rely entirely upon the hands we can muster in our own families. For this reason, and in view of the steady development of our farms, we stand in need of an increase in farmhands. From the very outset the farms were laid out and built up with one consideration in view, namely, that we shall in time enjoy the additional help and support of our relatives abroad who will one day come to our aid.

Now, in the light of the recent developments in German Europe, and in consideration of the fact that we, the sons and relatives of the persecuted Jews there, must render them financial support which we can ill afford, we wish to state that it is essential for both ourselves and them that they be permitted to quit the countries of their persecutions, and come to our aid here.

Many of us, sons and brothers of persecuted Jews abroad cannot go about their work tranquilly, knowing that their parents stand in imminent peril of their lives.

We trust that you will realise the extent and urgency of the problem confronting us, in being compelled to remit money abroad for the support of workless relatives, parents and brothers, while our farms are neglected and we suffer from a shortage of man-power, with the resultant deterioration of our holdings.

We therefore beg that our application be favourably considered, and our relatives be enabled to come to our country.

Thanking you in anticipation, we remain, dear Sir,

Yours faithfully,
